Application Process

- 1. Application preparation:** Please ensure that your main destination is France, for more information please check our [FAQ page](#). Prepare your application file according to your document list, make sure all the documents are in the right order and ensure that the below points are met, failure to do so may result in your application being delayed or rejected.
 - Two empty pages on your passport
 - Signature on your passport
 - Signature on the application form
 - Biometric Residence Permits provided for foreign nationals living in the UK
- 2. Appointment:** Please arrive on time for your appointment with the printed or electrical version of appointment confirmation letter. If you are late or fail to attend your appointment, you will be required to make a new appointment.
- 3. Submission at the Centre:** Your application and supporting documents will be checked for completeness according to the requirements of the Consular Authority and your biometric data will be captured. If you have missing documents, you will be offered to complete your documents within the same day before 3pm.
- 4. Biometric Exemption:** Children under 12 years old or applicants who have already obtained a Visa with the mention (VIS) during the last 59 months do not need to submit their biometrics.
